A Non-profit 501(c)(3) Organization

To be - A Tree Hugger -, is no longer a derogatory term, used by the religious wrong for the past 40 years, denigrating the rightfully concerned people who have been warning us about Global Warming and a whole range of environmental devastations. To become - A Proud Tree Hugger - in fact should be an honorable and ethical position to take and promote. - The GOOD NEWS is that we still have a brief window of time and opportunity to reverse our path of greed and destruction. The time to act is now. - We must boycott the greedy environmental violators and support the environmental movements and actions. There are plenty that each and every one of us can do right now. - Small and inexpensive modifications in our self-destructive behavior and taking responsibility for our actions could potentially protect and save humanity and our one and only home, Planet Earth. We should always remember that our survival is completely depends upon the health and well being of the host, Planet Earth.

Get Involved, Volunteer To Help

Be A Proud Steward of Our Home  
Shop Plastic Pollution Free

This is how we can make a difference right now; by boycotting businesses who are still pushing the highly damaging plastic shopping bags. We must break the habit and buy several sturdy canvas shopping bags, which will last for decades and take with us to the grocery store. We must share this information with our friends and family, encourage them to support this Canvas Bag Initiative, To Save Our One And Only Home. - We would like to raise funds to begin producing our own canvas bags and offer them to the public at a reduced rate. Those who wish to support this environmental project through purchasing and distributing our Canvas Tote Bags, having their name and logo printed on the bag are most welcome to participate. - Please help us to achieve our goal by forwarding your tax-deductible contribution check made payable to Venus Project Foundation. We also encourage you to get involved and volunteer at least a few hours of your time each week to do what you can and spread the message.
